

Encircling Entire Rumanian Army

THE STRUGGLE WITH LABOR IMPENDING

Preparations to Mobilize All Union Forces in Contest With Capital

EMPLOYERS ALSO TO COP WITH PROBLEM

Big Fund Raised to Defend Right Hour Legislation Reported

(United Press.)
Washington, Nov. 21. No decision has been made by the railway brotherhoods whether they will strike if the Adamson Eight-Hour law fails to meet with their demands when applied by the railroads.
President Stone, head of the engineers, declared last week that a strike would follow if the men did not get a real eight-hour day. This reversal is perplexing labor leaders and rail heads.
It is considered certain that the brotherhoods will be content to await a constitutional decision of the Adamson law. In speaking before the American Federation of Labor, in session at Baltimore, the brotherhood chiefs maintained absolute silence on this phase.

By BASIL M. MANLY.
Baltimore, Md., Nov. 21.—The most important aspect of the convention of the American Federation of Labor, now in session, is the almost universal conviction, not yet openly expressed, that the greatest struggle in history between capital and labor is now impending.

Delegates from all parts of the country, ranging in views and temperament from staid old conservatives to belligerent young "reds," unite in this belief, which they base upon considerations detailed below.
It is probable that this conviction will find clear expression when the representatives of the railroad brotherhoods appear before the convention this week, and that as an outcome definite preparations will be made for mobilizing all the forces of labor in case the conflict should prove unavoidable.

As the chief basis for their apprehensions, the most far-reaching labor leaders look behind the action of the railroad executives in lining up to nullify the Adamson act to the consolidation of all the industrial forces of organized labor in the National Industrial Conference Board, now holding its first meeting at the Hotel Astor, New York.

Since the Mullah scandals, they point out, the bitterest of these anti-union organizations, the National Association of Manufacturers and the National Council for Industrial Defense, have been practically in retirement, confining their public activities to such matters as scientific management, accident prevention, and welfare work, in the hope that the public would forget the disclosures of Mullah and the lobby investigating committee.

Their emergence into the open, with a new name and a new set of officers, is regarded as the sure omen of impending industrial war.

While the names of the officers of this new organization of foes of union labor have not hitherto been prominent, the names of the men who are the hardest fought labor battles of the past, appear among the list of delegates, making up the industrial conference board. John Kirby, Jr., James A. Emery, Walter Drew, William H. Barr, Charles Cheney and John P. Wood.

Consolidation.
Never before has there been so general a consolidation of the anti-union forces of the country as is claimed for the new organization. Hitherto, employers in each line or industry have been content to perfect their own organization, with only such a loose general confederation of interest as was represented by the National Association of Manufacturers, whose activities were primarily confined to the field of opposing such labor legislation as the Clayton act and the child labor law.

Now, according to unofficial announcements, all these separate industrial associations have been welded together into one organization, including the National Foundry association, the National Metal Trade association, the National Erectors' association, the National Association of Cotton Manufacturers, the American Cotton Manufacturers' association, the National Association of Wool Manufacturers, the Silk Association of America, the United Textile Association, the American Pulp and Paper Association, and the Rubber Club of America.

It is claimed by the promoters of this consolidation of employers that the establishment represented in its membership have eight billion dollars capital and employ six million people. This is discounted by the labor representatives.

MEXICAN TELEGRAPHERS LEAVE THEIR KEYS
Laredo, Tex., Nov. 21. All railway telegraphers in northern Mexico will walk out at 6 o'clock this evening, paralyzing the transportation facilities.

How to Get Fat on 40 Cents a Day

(United Press.)
Chicago, Nov. 21. Twelve men and women on Health Commissioner Robertson's diet squad today were to start a two weeks' demonstration on "how to get fat on 40 cents a day."
All ate heavily of chicken, turkey and roast beef yesterday in anticipation of the struggle. Thus stuffed, they marched to the health commissioner's office at city hall today and were told the test would not start until Wednesday. Robertson said it was not fair to start the test in this manner. The squad will be under Dr. Robertson's observation today and tomorrow and each person will be weighed daily. Strict rules will govern the dieting which is intended to show Chicago housewives how to hand the knock-out to the H. C. L.

MECHER SCHOOL HOW CARRIED INTO COURT

Superintendent Taylor Must Show Cause Why He Turned Down Course

GERMAN INSTITUTION ASKS RECOGNITION

Sullivan and Sullivan, Mandan attorneys, today secured from Judge Niesse an order to show cause why he did not approve of the course of the German-Evangelical parochial school at Expansion, thus permitting parents to send their children there without breaking the compulsory educational laws.

This is the culmination of a school row that has been going on in Mercer county for some time. The German-Evangelical synod has a parochial school near Expansion, but County Superintendent of Schools Thomas refuses to approve its curriculum and parents sending their children to this school have been arrested under the compulsory act.

Several of those arrested are to be tried at Stanton this week.

When Mr. Thomas refused to approve the course of study, State Superintendent Taylor was appealed to. He upheld Mr. Thomas. Yesterday Sullivan and Sullivan applied to the court for a writ of certiorari, but the court refused to take original jurisdiction and suggested that the lower court be applied to for relief.

The order Judge Niesse granted today is made returnable Nov. 27 at this mark.

NOTHING OFFICIAL HEARD HERE AS TO WIRE CHANGE

Believed Railroad Contracts With Northern Pacific and Others Will Continue

Nothing of an official tenor has reached railroad heads of the Northern Pacific here as to the current reports that if no agreement is reached by the first of the year with the Western Union that the Northern Pacific will install an independent service with other railroads.

Officials admitted that they had heard rumors to this effect but were of the opinion that an agreement would be effected. The railroads which would install a system of their own. If negotiations failed, are the Northern Pacific, the Great Northern, the Chicago & Northwestern, the Chicago-Burlington & Quincy and the Great Western.

EXCHANGE SUSPENDS WHEN COTTON SOARS
London, Nov. 20. Increase of half a penny in American cotton caused temporary suspension of the Manchester exchange.

Sam Clark Weds Grand Forks Girl in Chicago; Plan War Zone Honeymoon

Coming as a surprise to all but the most intimate friends of the contracting parties, there was announced today the marriage of Sam Clark of Bismarck, publisher of Jim Jam Jams, and widely known as a writer and traveler, and Miss Claire Adelaide Johnson, a popular young society woman of Grand Forks.

The rites were performed at 11 o'clock this morning, at Chicago, where Sam Clark went last week, and where he was joined yesterday by his bride-to-be and a wedding party from the Forks. From Chicago, Mr. and Mrs. Clark will proceed to New York, where he will supervise the making of several moving picture film plays from Jim Jam Jams stories.

War Zone Honeymoon.
Mr. Clark has made application for passports for himself and bride to the belligerent countries of Europe, and if it is possible to make arrangements, they will sail early next month for the war zone, where they will remain until spring. They probably will be joined in June by Governor Hanna and party, the governor announcing today that he hopes to so arrange his affairs as to permit of a second visit to the warring nations.

HOW "CANNUCKS" STORM TRENCHES ALONG SOMME

All Men at the Front eager to Clash With Teutonic Adversaries

"FAIR SCRAP" AND "THE BEST MAN" WON

Prussians Often Blow Themselves Up in Order to Destroy Their Captors

By WILLIAM PHILIP SIMMS.
(Copyright, 1916, by the United Press.)
Somme, Nov. 20.—This is the story of the storming of Regina trench, as told by a sergeant in a Canadian infantry regiment who was one of the stormers. With a slight scalp wound from a sniper's bullet, which had torn a huge hole in the steel helmet which he was still wearing and another wound in his shoulder from a shrapnel bullet, he was "evacuating" himself to a dressing station, when I encountered him. It was on the morning after the Canadians had ousted the Germans from their stretch of trench.

Light of Wounds.
Mud from the toes of his hip boots to his very eyes and with a streak of blood on one side of his face, the sergeant nevertheless made light of his wounds. He smiled as he responded to questions.

"'Twas a good fair scrap and the best man won," he explained, speaking with a typical Irish-American accent interlarded with American slang. "We got the tip at 10 o'clock Friday night that something would be done about midnight. Everybody was tickled because we'd been bunkering to get at that Regina trench for the past two weeks."

"Our artillery hit it up better and better and we could see by the brilliant moonlight that it was doing big damage to Fritz in the trenches a few hundred yards in front of us. At midnight, our artillery formed a barrage 50 yards in front of us and our first wave went over the parapet of our trenches like a machine."

Hold Them Back.
"Not a son, no, no. My hardest job was keeping my men from advancing too fast and getting under our own shell fire. Also it was pretty hard to the waves of men straight on account of the craters and shell holes of various depths of mud."

"But when we got within 50 yards of Regina trench we formed a pretty straight line. About this time the Germans started their barrage fire too, but they did little damage, the fire mostly going over our heads. As soon as our barrage lifted off Regina yards and settled 60 yards back, we stormed through."

Like Rabbits.
"The Boches escaped pretty well. It seemed strange that anybody could have been left alive after all the shell they'd had, but they ran out of dug outs like rabbits and we had to use our bayonets."

"We cleaned out our trenches in a very few seconds, taking prisoners. Three in one section were inclined to be troublesome. We told 'em they'd better attend to their knitting and be quiet or else we'd be obliged to finish 'em. Two behaved. But one kept jumping about, feeling in the shadows thrown by the full moon, evidently looking for something. We repeated our order to stop. He didn't obey. Well, only two of the three prisoners taken in that corner of the trench remained, for we remembered a fortnight ago a German officer, who after surrendering, suddenly threw a hand grenade at one of our officers, blowing the face off and inflicting wounds from which he died. The Prussians frequently blew themselves up with their captors. Other prisoners were both guards and Saxons."

Respect Red Cross.
"There were several counter attacks after we'd gotten in the trench, mostly down the trench, which was perpendicular, but we bombed them back."

MANY LIVES IN DANGER SHIP AGROUND

American Steamer Siberia Caught On Treacherous Sands of Goddwin

LIFE SAVERS BATTLE WITH STORM IN NIGHT

By Daylight Only Fifty Passengers Had Keen Rescued

(United Press.)
ALL SAVED.
London Bulletin, Nov. 21. Life savers at Deal station saved all aboard the Siberia.

London, Nov. 21. Passengers and crew on the American steamer, Siberia, are threatened as the ship pounds furiously, fast aground on the treacherous Goddwin sands. After 24 hours of battling in the teeth of a terrible storm, life savers succeeded in taking 50 persons who had abandoned the distressed vessel and taken to the life boat.

The nature of the sands and the high sea threatens to prevent the rescue of all the passengers.

It was late yesterday before the predicament of the ship was discovered. Life savers battled all night and approached near enough to pick up 40. Later ten more were snatched from watery graves.

HUGHES STILL AWAITS VOTE IN CALIFORNIA

Wilson's California Plurality Estimated at 3,516 From Late Returns

NO CONCURRENCE YET FROM G. O. P. CHIEF

(United Press.)

San Francisco, Nov. 21. The Republican state committee upon official returns from fifty counties and unofficial from eight others, estimate that Wilson's plurality in this state will be 3,516. They do not expect that the electoral vote will be split.

HUGHES STILL SILENT.
New York, Nov. 21.—Chairman Wilson of the Republican national committee said that no telegram concerning Wilson's election or congratulations from Charles Evans Hughes had yet been sent.

BELGIANS MUST HELP GERMANY WIN THE WAR

(United Press.)

London, Nov. 21. Germany is turning a deaf ear to the protests from Holland about the deportation of the Belgians to assist in the factories and other industries of Germany and conquered territories.

The imperial empire has an elaborate plan for the rehabilitation of conquered territory, especially Poland. Men now engaged in industrial life, chiefly in ammunition plants, are to be relieved and their places taken by Belgians so that Germany can increase her lines on all the fronts.

Despite protests, the deportation of the Belgian workmen continue. There are heart wrenching scenes as the men are loaded into cars and rushed over to the Belgian line.

TO CONFER WITH BROTHERHOOD CHIEFS
Washington, Nov. 21. President Wilson will confer with the four brotherhood leaders at the White House this afternoon.

TICKET SALES SHOW CORRESPONDING GAINS

Ticket sales for the month of November at the Northern Pacific station increased 3,000 in number over the corresponding period last year. The increase in October over the same time last year was 4,000 and for September 6,000. The amount of sales runs on an average of from \$22,000 to \$28,000 a month. During the first six months in the year 31,000 tickets were sold. Throughout October and November there is always a dull spell in traveling circles, which increases in leaps and bounds as the holidays speed in.

MILWAUKEE WILL BUILD LINE FROM NEW ENGLAND TO AMIDON NEXT SPRING

EARLY STATES PLANS

Feeder Will Carry Company Into Rich Agricultural Region in Slope

TOWN RECENTLY DEFEATED FOR COUNTY SEAT ROOSTER

Thriving Inland Community Expected to Boom as Result of Extension

Seattle, Wash., Nov. 21. H. E. Earling, vice president of the Milwaukee line, on his return here yesterday from the east, officially announced the completion of plans for building a feeder extension in North Dakota next year from New England to Amidon, to cost \$750,000.

This extension will put the Milwaukee into a rich new grain tonnage territory already developed.

Earling spent several days in touring the farming sections of North Dakota and Montana. He says farmers in these districts, due to the high prices of wheat, are enjoying the greatest prosperity of their history. High wheat prices the past two years have resulted in the fall plowing of a greater acreage than since the beginning of the war.

Dickinson bids fair to become a big railroad center of western North Dakota, as a result of the initiative of the farmers and business men in promoting three independent projects, preliminary surveys for which have already been completed, or are now under way.

The three lines are:
Dickinson to New England to Fort Dickinson to Berthoun.
Dickinson to a point 40 miles north-west.

The Equity Engineering company of Fargo is the contracting company for the handling of each of the three surveys.

Dickinson is in the heart of a big district that is not adequately supplied by railroads, and the business men there determined to take the initiative in putting the city on the map.

Since the people have shown so much interest in the proposition, it has been reported that the Northern Pacific had become interested in a plan for an extension south from Dickinson. Another plan credits the N. P. with being interested in an extension of the Mandan-Mott line to Mammoth, newly selected county seat of Slope county.

Still another southwestern railroad project is the proposed extension of the Milwaukee line from New England to Amidon.

In northwestern North Dakota, the Wildrose line will be opened for operation this week.

The Wildrose extension runs from Wildrose to Grenora, and rails have been laid the entire distance.

All along the extension, there has been intense activity in building projects, with the result that the line opens up with real business prospects right off the jump.

Big celebrations are planned in the several towns.

YOUNGSTER SHOULD BE A REAL POLITICIAN
(Tribune Special Service.)
Sanborn, N. D., Nov. 21.
On election day in Sanborn a son was born to Mr. and Mrs. F. B. Hughes. The odd features of this birth lie in the facts that the father's name is Hughes and the mother's maiden name was Wilson, and that the birth occurred on the day that Hughes and Wilson contended for the presidency of the United States.

Dry States Concede But Wet Ones Must Pay More For Their Beer

(Associated Press.)
Chicago, Nov. 21. Practically all of the bars in the downtown district of Chicago today boosted the price of

beer by serving it in glasses two-thirds the size of those used heretofore.
No longer will the schooner sail across the bar in exchange for a nickel. Instead a tiny vessel will ferry a mere skiffload of suds to the parched shore just below the beetling mustache. For beer is going up before it goes down, according to local brewers.

GLASS MAY BE NEXT BOSS OF TREASURY

This Virginia congressman is said to be slated for the job of secretary of the treasury, succeeding W. G. McAdoo, the president's son-in-law.

EARLIER GLASS

Normal School HAS LEAD OF NINE IN 8000

If Construction of Law is Correct Proposition Has Carried by Safe Margin

BOOTLEGGER BILL IS TO BECOME A LAW

With only fourteen counties missing, the vote so far favors the establishment of another normal school at Dickinson. The Slope counties responded nobly and gave the normal a large vote. Institutional counties were not so enthusiastic, although some of them in which educational institutions are located did fairly well.

8,000 Ahead.
The vote so far as it is tabulated with fourteen counties missing is 38,168 for the establishment of the normal as against 30,044 opposed. Several of the counties to be heard from officially will favor the project, so there seems to be no question of the matter receiving a majority vote. It now depends upon the majority demanded under the law. Competent attorneys insist that all that is necessary is a majority of those voting on the proposition and others contend that it takes a majority of those voting at the election.

Win Victory.
Prohibition forces have been successful in saving the bootlegger law from repeal. There were 27,636 votes cast for repeal and 33,781 votes to uphold the act. Returns are missing still from fourteen counties but this will not change the result.

The farmers have voted to sustain the repeal of the mill levy for terminal elevators. They were evidently confused, believing that an affirmative vote would knock the repeal act out. There were 33,143 votes for the repeal as against 31,640.

Sentiment is closely divided on the proposition of another insane asylum. With fourteen counties missing the vote stands: For the asylum 30,673 and against 31,714. The complete returns can easily overcome the lead of the opposition vote.

Within the next few days the complete vote will be in on the amendments.

REMINGTON CALLED TO SERVE ON U. S. JURY

P. C. Remington, president of the City National bank, was subpoenaed as a juror for the federal term of court now in session at Fargo. He left last evening on No. 2.

Many of the jurors, sitting on the Kirtel and the improvement cases, which were long drawn out affairs, asked the court to be dismissed. Their request was granted and a venire called.

To Free Lithuania.
Germany is about to follow up her declaration of Polish independence with a similar announcement regarding Lithuania, according to dispatches from Switzerland to the morning newspapers.

The dispatches say that the new state will probably receive Prince Friedrich, second son of the emperor, as its sovereign and will form a state of the German empire with a similar status to that of Bavaria or Saxony. As in the case of Poland, the dispatches add, a Lithuanian army to fight under Field Marshal von Hindenburg will be formed. It is estimated that Lithuania could raise 150,000 men.

Supreme Court HAS GRANT YOUNG'S CASE

Taken Under Advisement After Arguments for the Defense Yesterday

The supreme court now has the Grant S. Youngs' damage suit against Governor L. B. Hanna. Secretary of State Thomas Hall, former Attorney General Andrew Miller and other members of a former state banking board, under advisement. The case was argued for the defense yesterday afternoon by Deputy Attorney General Francis J. Murphy and Attorney John E. Greene of Minot. Congressman James Manahan was expected to appear for the plaintiff, but he did not arrive, and Youngs' case was submitted on a brief.

Youngs, a prominent Ward county financier, was proprietor of a bank which the state banking board closed. He protested the action and filed suit in the Ward-county district court to recover damages from the individual members, aggregating \$250,000. The district court held for the defendants, and Youngs then appealed to the supreme court.

RUSSIA THIS TO TAKE LEAD FROM RUMANIA

Pressure So Intense That Entire Army Is Now Endangered

MACKENSEN MAY TAKE FALKENHAYN'S PLACE

Million Men Sweeping Around Rear of Little Balkan Army

REFUSAL TO ORRY

(United Press.)

London, Nov. 21. News dispatch from Athens says that Greece will refuse demands of Allies, that all central powers diplomats leave the Greek capital at once. Allies may force them to leave before tomorrow.

Berlin, Nov. 21. Craiova was occupied by German troops at noon today.

(United Press.)

London, Nov. 21.—Russia, in an attempt to relieve the tremendous pressure caused by Falkenlayne's drive on the Wallachian frontier, began an offensive today along the front from Constantza to Cernavoda.

The Rumanian army is in the greatest danger of being outflanked. Rumanians are being forced back down the valley of the Danube and Falkenlayne, with a million men, is sweeping around their rear. It seems almost certain that the Rumanians must evacuate the western part of their country in order to save their army.

Dispatches from Bucharest state that Falkenlayne is to be recalled and that Mackensen will succeed him in the final phases of a campaign that has for its object the reduction of Rumania in the same relentless manner as Serbia.

Rumanians Retire.
Rumanians have retired to Filisash under strong Teutonic offensive. German infantry is now before Cernavoda and sweeping forward against the Rumanians.

On the Somme front, the British raided enemy trenches at Goncourt, Rockingham and Ypres with success. Canadian troops advanced along 500 yards to a depth of 1,200 yards.

Given Lion's Share.
The Serbians are given the lion's share of honor by the morning papers in discussing the fall of Monastir. The capture of Hill 1212 by the Serbians and their rapid advance to Hill 1373, threatening the Bulgarian's only avenue of retreat along the Priep road, is considered the main factor in forcing the hasty evacuation of the city.

Military opinion insists that the Allies must now advance toward Priep, using Monastir as a base, and from there to Negotin on the Vardar. From the latter town they claim that the Bulgarian positions east of the Cerza could be outflanked and the frontier passes opened to the Allied forces which are now engaged northwest of Saloniki. The fall of Monastir is considered as clearly showing the superiority of the Allies over the German-Bulgarian forces. A view of the formidable defenses which had been created around the city.

To Free Lithuania.
Germany is about to follow up her declaration of Polish independence with a similar announcement regarding Lithuania, according to dispatches from Switzerland to the morning newspapers.

The dispatches say that the new state will probably receive Prince Friedrich, second son of the emperor, as its sovereign and will form a state of the German empire with a similar status to that of Bavaria or Saxony. As in the case of Poland, the dispatches add, a Lithuanian army to fight under Field Marshal von Hindenburg will be formed. It is estimated that Lithuania could raise 150,000 men.

WAGNER MUSIC

IN ITALY IS
RIOT SIGNAL

(Associated Press)
Rome, Va. Paris, Nov. 21. An attempt to introduce some of Wagner's music into a concert conducted by Toscanini resulted in an uproar last night which brought the performance to a premature conclusion. The orchestra had commenced the first march from "Gotterdammerung" when there were loud shouts of "It is for the victim of Padua" a storm of imputations against Wagner and Germany came from all parts of the great auditorium and the concert had to be abandoned.

PAVING CASE HEARING SET FOR NOV. 24

Action Will Be Tried on its Merits
Before Judge Nuessle of the District Court

TO DECIDE IF INJUNCTION
BE MADE PERMANENT

Temporary Restraint Asked By
Second District Residents
Refused Last Month

The question whether there shall be a permanent injunction granted to restrain the city commissioners from carrying out their paving program in the Second district will be determined at the hearing which has been fixed for Friday morning at 10 o'clock in the chambers of Judge Nuessle when the case will be tried on its merits.

A hearing for a preliminary injunction was held in September but the application was dismissed by the court. Since then it has been stated that the property owners of the district concerned have amended to a certain tenor their grievances which now allege that the specifications were indefinite, that the contract entered into by the city commissioners was invalid because it delegated power to the city engineer and further because of irregularities in the commission's proceedings.

The commission will be represented at the hearing by City Attorney McCurdy who will be assisted by Attorneys Miller and Young. The plaintiffs' attorneys will be F. H. Resister, R. M. Stevens, Judge S. E. Ellsworth of Jamestown and H. F. O'Hare.

STARTLING RESULTS IN BISMARCK

People report incredible results from simple lavoptik eye wash. A girl suffering from weak, strained eye was helped by one application. Her mother could hardly see or read because of eye pains. After one week her trouble was gone. A small bottle lavoptik is guaranteed to help EVERY CASE weak, strained or inflamed eyes. ONE WASH will startle with its incredible results. Pure aluminum eye cup FINE in each bottle. Jos. Breslow Drugist.

Say: Simple Remedy Prolonged His Life

Dr. Caldwell's Syrup Pepsin Effective as a Remedy For Constipation.

Among older people the various organs of the body have a tendency to slow up and weaken and this is usually first manifest in a pronounced inactivity of the bowels.

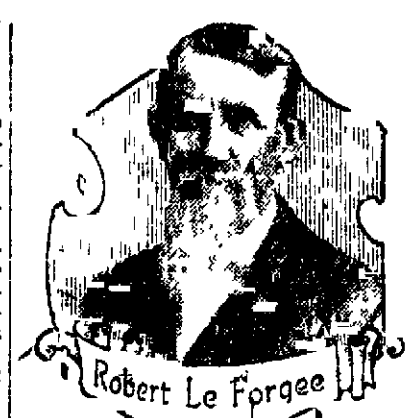

Good health is dependent on regularity in this important function, whenever there is the slightest indication of constipation a mild laxative should be taken to relieve the congestion and dispose of the accumulated waste. Cathartics or purgatives should not be employed however, these are too violent in action and their effect is only temporary.

A mild laxative such as the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, is the ideal remedy. It is gentle in its action, bringing relief in an easy, natural manner, without griping or other pain or discomfort. It is pleasant to the taste and can be obtained in any drug store.

Mr. Robert LeForge, 918 Kirkwood, Louisville, Kentucky, says he has always had a bottle of Dr. Caldwell's Syrup Pepsin in the house for the past eighteen years, and that by using it occasionally as the need arises, and in this way keeping his

health good, it has prolonged his life and brought ease and comfort.

Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere, and costs only fifty cents a bottle. To avoid imitations and ineffective substitutes be sure and get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

Civic League To Give Benefit Card Party

Members of the Civic Improvement League, at a meeting yesterday afternoon, completed plans for a benefit card party which they will hold Wednesday afternoon in the Knights of Columbus hall. They are making extensive preparations for a large attendance. Mrs. M. W. Neff, who is vice president of the league, is chairman of the entertainment committee. She is being assisted by a number of sub-committees which were appointed yesterday. A general invitation is extended to friends of the league to attend. Clump whist will be played and the game will start at 2:15. A small admission fee will be charged.

Mrs. Dunn Ill.
Mrs. J. P. Dunn of Third street is in the Bismarck hospital, where she is undergoing treatment. She is suffering from a slight indisposition.

Recovers From Illness.
Mrs. M. H. Jewell of Duane street, whose illness has been noted, has recovered and has resumed her duties at the Historical Society at the state capitol.

Returns From Trip.
Miss Emma McGarvey of Second street has returned from a month's vacation spent in Miles City and Dickinson. While in Miles City she was

the guest of her cousins, Mr. and Mrs. Harry Empting, and in Dickinson was entertained by Mr. and Mrs. Andy Erdahl.

Attending Board Meeting.
Burt Finney of the Finney pharmacy, left last evening on No. 2 for Fargo, where he will attend a meeting of the board of pharmacists of North Dakota, of which he is a member.

Visits in McKenzie.
Mrs. Daniel A. Falconer and daughter, Claire Isabelle, of east of the city, were entertained over Sunday by the former's son-in-law and daughter, Mr. and Mrs. Samuel Day of McKenzie.

Wilton Visitors.
Mr. and Mrs. W. A. Macomber of Wilton were guests of friends in the city over Sunday. They were accompanied here by Miss Laura Keenan, who visited her parents, Mr. and Mrs. G. J. Keenan of Second street.

To Reside With Daughter.
Mrs. Anna Rogers has gone to Portland, this state, for a short visit with her mother. She will be accompanied here by the latter, who will make her home with Mrs. Rogers, who has taken an apartment in the Rose building.

Minot Visitors Here.
Mr. and Mrs. J. H. Weinreb and daughter of Minot are spending a few days in the city and while here are guests at the McKenzie. Mr. Weinreb is one of the best known merchants of that city. They made the trip by motor.

Monday Club Meeting.
The Monday club was entertained yesterday afternoon by Mrs. Samuel W. Corwin at her home in Eighth street. "Modern American Poets" was the subject studied and the program consisted of papers by Mrs. T. R. Atkinson and Mrs. A. A. Bruce. Mrs. Atkinson discussed "Modern American Poets," while Mrs. Bruce read a paper on Percy Mackaye and a review of "The Immigrant." Current events were discussed by Mrs. F. A. Lahr and the roll call was responded to by quotations from American poets.

Women's Club Notes.
The Current Events club will meet tomorrow afternoon with Mrs. G. R. Squire at her home in Second street. "Central America" will be the subject studied and papers will be read on Guatemala, Nicaragua and Salvador.

The Fortnightly club will meet with Mrs. N. O. Remstad at her home in Fourth street. Portions of the Unit-

There is one sure, safe way to avoid a blotchy, pimply skin. A good or bad complexion comes from within. If you want a clear complexion, a clean skin, rosy cheeks and good health, your blood must be pure and the poisonous matter must be carried off. **Dr. Edwards' Olive Tablets** assist nature to remove all poisonous waste matter in the system. They act on the liver and bowels like calomel yet have no dangerous after-effects. They are reliable, safe and cannot harm. They are used by women folks everywhere. Constipation is nearly always the cause of all ailments of women. The intestines must be made to do their work as nature intended in a normal way. Have color in your cheeks. Take one or two tablets nightly and note the pleasing results. All druggists 10c and 25c.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-Time Sage Tea and Sulphur and Nobody Will Know

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It frames the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug-store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it seems so naturally and evenly. You moisten a sponge or soft brush with it drawing the hair a little. By morning the small strands at the roots are gone. After another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

ed States history covering the factors of the reconstruction, policies of reconstruction and policies of president and congress will be discussed.

The Mothers' club met this afternoon with Mrs. A. Schutt at her home in Avenue B.

To Entertain at Cards.
Dr. and Mrs. H. O. Alnow and Mr. and Mrs. George H. Wilson will be joint hosts this evening in the home of the former in Mandan at a prettily appointed card party. They will also entertain at cards Wednesday evening.

Lodge Entertainment.
The Modern Woodmen Camp No. 4164 have announced a social entertainment for Friday evening, in the Knights of Pythias hall. Cards and dancing will be the amusements and luncheon will be served. The committee in charge is making arrangements to entertain a large representation of the lodge. An invitation has been extended to the Royal Neighbors, their husbands and visiting Woodmen.

Shower For Bride-elect.
Mrs. P. F. Reistock and Mrs. R. Wallace were joint hostesses during the week-end in the home of the former in Sixth street, at a shower in honor of Miss Avis McNeil of this place, who will be a December bride. A color scheme of red and green was used in the appointments. A large basket in the same tones and formed in the shape of a tulip, was used to receive the gifts, which were many and beautiful. Luncheon was served at small tables and covers were laid for 12, the guests including only the bride-elect's most intimate friends.

Violin Numbers Feature Program.
Herr Lentz, the violinist, who appears for the first time in the Capital City at the popular concert Thursday evening at the Auditorium, has arranged a most interesting program of concert numbers. He will give the opening number and has chosen the Bach suite, Serabande, Gavotte and Minuet. For his second group he is playing Andante, by Violin-Lentz; Mozart Deutscher Tanz; G. Major Minuet, Beethoven and Waltzer, Brahms.

For his third appearance he will play Slavik Dance, by Dvorak; Nocturne D Major, Chopin; Hungarian Dance No. 8, Brahms. Herr Lentz will also play the violin obligatos for Mrs. H. H. Steele's numbers. Miss Flora Harmon will be his accompanist. The other members, including voice and piano, will be presented by local artists.

Large Box For Soldiers.
A pleasant surprise awaits the boys at the border members of Company A, when they receive the Thanksgiving box packed by the Capital City women and shipped to the front the first of the week. A special feature of the box was the large angel food cake baked by Mrs. Peter Reid of the penitentiary road. It measured 20x20 inches and weighed 15 pounds. It is estimated that the cake is large enough to supply each member of the company with a portion. The box, which weighed 200 pounds when finished, is filled with a long list of Thanksgiving provisions. Cakes of all descriptions, candies, jelly, nut bread, raisin bread, pickles and other accessories which go to make up an old-fashioned Thanksgiving dinner. The response of the Capital City women was more than generous. Even after the box was packed and sent to the freight depot donations kept arriving at the home of Mrs. D. McPhee in Third street, where the box was prepared.

A FEARLESS PHYSICIAN.
Such a physician recently remarked: "The wonderful power of Lydia E. Pinkham's Vegetable Compound over diseases of women is not because it is a stimulant, not because it is a palliative, but simply because it contains the very elements needed to tone up the female system and strengthen the depleted organism." Of course, that is so, otherwise it could not succeed as it has.

RED CROSS SALE STARTS SATURDAY

Expected that 500,000 Seals Will Be Proposed of in North Dakota

The Red Cross Seal sale promises to be heavier in the state of North Dakota this year than any time previous. The day for the sale throughout the state has been set for Saturday and it is expected that the greater part of the 500,000 seals being distributed by the North Dakota Anti-Tuberculosis

association will be sold at this time or before the close of the year, January 1. Mrs. Fanny Dunn Quinn, of Bismarck, who is secretary of the association, is receiving many demands for seals and in many instances orders have been more than doubled. The town of Michigan, with a population of 490, has asked for 4,000 seals. Already they have orders for 2,300 and anticipate the sale to reach the former amount. Sales which last year aggregated \$40 will reach the \$100 mark.

The Capital City women interested in the movement will name the various committees the first of the week for the sale Saturday. Seals will be sold at the hotels, postoffice, capitol building and in the many business houses.

Many of the cities and towns are competing for the pennant offered by the association for the largest sale per capita. This will not only include the sale Saturday but all sales made to the first Saturday in January, and ones made previous to the annual November sale.

MASONS ELECT OFFICERS FOLLOWING BIG BANQUET

Members of Bismarck Lodge No. 5, A. F. & A. M., were hosts last evening in the Masonic temple at an elaborate oyster and chicken banquet. More than a hundred members of the fraternity were guests and Judge A. A. Bruce presided as toastmaster. A number of impromptu talks were given by the various members, covering the subjects peculiar to Masonry and its allied interests.

The banquet was arranged at the suggestion of L. K. Thompson, who for two successive years has been the efficient Master of the lodge. Frank Everts was in charge of the affair.

Following the banquet these officers were elected for the year: Theo. Koffel, W. M.; P. R. Fields, S. W.; R. M. Bergeson, J. W.; John P. French, Treas.; Melvin G. Hagen, Secretary; G. F. Dullman, Trustee (3 years).

"Those new 'Brain Foods' a new and is born every week a recognition of the need of food laxatives instead of the laxatives. The problem of prescning bran to the human stomach in combination with a nutritious, easily digested food was solved twenty years ago by the invention of Sh. eddie Wheat Niss-it, the food that supplies all the body-building material in the whole wheat grain in a digestible form, combined with bran which is Nature's laxative. A body-building, strength-giving food. Serve with milk, or cream or baked apple or other fruits. Made at Niagara Falls, N. Y."

Every home can have a good piano

"I can't afford to buy a good piano, and I don't want to invest in a poor one."

Let us convince you that you can afford a good one right now.

For a surprisingly reasonable price you can get the Howard Piano, with a record of 30,000 satisfied buyers at home and abroad, including schools, institutions, colleges, etc.

The Howard Piano

The attractive price at which this instrument is sold, would not be possible were it not for the annual facilities of its makers. It has all the advantages and benefits of an organization unequalled in the piano world.

You must hear this piano to realize how distinctly better it is than any other instrument at a like price—to appreciate what satisfactory and lasting value it will give you.

We have a beautiful assortment of styles now on display.

159 KILLED IN MEXICAN RAIL ACCIDENT

(United Press.)
Laredo, Texas, Nov. 20. One hundred and fifty-nine persons were killed and many injured in a wreck on the Inter-Oceanic line to Vera Cruz, between deep sea and San Miguel. The engineer ran too fast over a dangerous track.

5,000 WIDOWS AND ORPHANS FOR CANADA

Chicago, Nov. 20. Plans to bring 5,000 British war widows and orphans to Canada after the war were made public by David Lamb, commissioner of immigration of the Salvation army, today. He has a million dollars to finance the movement. Only women of good character and healthy will be brought to western Canada.

DOMESTIC TRAGEDY IN ABERDEEN PARK

(Tribune Special Service.)
Aberdeen, S. D., Nov. 21. There was a domestic tragedy in Aberdeen today. While the elk at Wildlife park were eating breakfast, Old Man Elk and Mrs. Elk had a slight difference of opinion. There are no social rules governing the settlement of these little matters in elkdom, evidently, for Pa Elk drove his powerful horns into Ma Elk's side and she went over alongside the fence and died.

AUTOMATIC PHONES IN MINNEAPOLIS

Minneapolis, Minn., Nov. 20. While the city slept, the Tri-State Telephone company cut over its entire Minneapolis local telephone exchange to the automatic connection system, the "hello girls" of the manual system passed into history in the Tri-State office. St. Paul telephones had been cut over to the automatic system several weeks ago. Northwestern phones in both cities retained the girls.

"Every girl we employ can stay with our company if they want to," Manager A. C. Brokaw of the Tri-State company said today. "But most of them don't want to stay with us anyhow. They want to get married. Some of them will. The average length of service of a telephone girl is only 13 months anyhow."

HANKINSON BOY IS DROWNED IN SLOUGH

Hankinson, N. D., Nov. 21. Alfred, nine-year-old son of J. Terwilliger, was drowned in five feet of water in the Backhaus slough, two miles south of town. He ventured out on the thin ice which had formed on the surface, and broke through. His younger brother was with him at the time and ran to the house for help. The father responded and graded into the water, but it was 45 minutes before the body was recovered and although every effort was made to revive him, it was too late.

NOT ONE PENNY SPENT BY THIS JUSTICE FOR HIS OFFICE
(Tribune Special Service.)
Grand Forks, N. D., Nov. 21. Not a penny was spent by A. B. Gung for election for justice of the peace, according to his report filed with the county auditor yesterday.

BANK PRESIDENT ASKS MERCY FOR YOUNG FORGER
Ellendale, N. D., Nov. 21. E. C. Day, 20, of Barron, Mo. must spend a year and a half in North Dakota, under parole, because he raised an \$8 check to an \$80 check, and passed it on the First National bank of this city. The check had been paid to Day by a local farmer as wages. Pleading guilty, on being returned to the state from Barron, Day was given a suspended sentence through the plea of Thomas Marshall, president of the bank.

BIG GERMAN MEETING COMES TO CLOSE

St. Paul, Minn., Nov. 20. The Volksfest of the Northwest for the benefit of the Teutonic war sufferers, held under the auspices of the German and Austro-Hungarian Red Cross society, closed tonight, after a successful three days session. The St. Paul branch of the German Red Cross society has been requested to raise \$200,000. This is the first attempt to raise the money.

DATES FOR BIG AUTO SHOWS ARE ANNOUNCED

Bismarck Dealers Express Interest in Coming Palatial Attractions in New York and Chicago

New York's great automobile show will be held in the Grand Central Palace building from January 6 to January 13. The second greatest auto show in the United States will be held in the Chicago Coliseum from January 27 to February 3. These dates were made public this week.

Bismarck automobile dealers are taking much interest in the coming shows and no doubt several will be presented at both the Chicago and the New York events.

TO ATTEND REUNION OF ATHLETIC STARS OF IOWA UNIVERSITY

C. N. Kirk, manager of the Bismarck branch of the Marshall Oil company, Mrs. Kirk and their two children left today for their home

at Marshalltown, Ia., where they will spend Thanksgiving with her parents. While in Iowa Mr. Kirk will attend the annual athletic reunion of Iowa university at Iowa City. Mr. Kirk is a member of the university advisory board on athletics. It is composed of captains of home teams. In the spring of 1915, the Bismarck man captained the Iowa baseball team, and the fall of that year he headed the Iowa football eleven.

WARM WEATHER IS GOVERNMENT FORECAST

Low Pressure Reported in Canadian Northwest Means Fair and Higher Temperature

Government weather officials announced this morning that a high pressure and moderately low temperature prevailed this morning over the northern part of the country. Light scattered snowfall has occurred in the upper Missouri valley.

In the Canadian northwest, he reports that there is a low pressure accompanied by fair weather and higher temperature. Indications are that the southward movement of this low pressure will result in fair weather in North Dakota tonight and tomorrow with higher temperature tonight in the north and the west portions, and in the east portions Wednesday.

THE DRINKING OF WATER

(By M. C. Lucas, M. D.)

The general conclusions of the latest medical scientists proves that drinking of plenty of pure water both between meals and with one's meals is beneficial to health. It has also been proven by means of the X-rays and actual tests upon many healthy young men that the drinking of water with meals is not harmful to digestion. Those suffering from a catarrhal condition of the stomach will find benefit in adding about 10 grains (one-sixth of a level tea-spoonful) of baking-soda to a pint of hot water, drinking it a half hour before each meal. Such as are inclined to hyper-acidity should drink a pint of medium cold water, two hours after meals. If you ever suffer from headache, lumbago, rheumatism or any of the symptoms of kidney trouble, such as deep colored urine, sediment in urine, getting out of bed at night frequently and other trouble-some effects, take a pint of hot water and a little Anuric before meals. These Anuric tablets can be obtained at almost any drug store and were first discovered by Dr. Pierce.

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from over-work become sluggish, the eliminat-

ive tissues clog and the result is kidney trouble, bladder weakness and often the poison reaches the tissues, causing rheumatism and gout.

When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, ask your druggist for Anuric. I have found in practice that Anuric is more potent than lithia and in most cases it will dissolve the uric acid as hot water does sugar.

EFFIE GREGG RETURNS TO CITY--ARRESTED

Warrant Held for Her Charges Disorderly Conduct Hearing Tomorrow Afternoon

Effie Gregg is back in Bismarck. Yesterday she was in the city jail. Today she is out again pending her hearing which was continued until tomorrow afternoon.

Effie, colored, has lived in Bismarck several years. Recently a warrant charging disorderly conduct was sworn to. Effie was the principal

named. It never was served. She left town. But she came last week and was sighted by the police and taken before Judge Dolan to answer to the charge. She gave as her excuse for leaving the

city that she took her mother to the hospital at Rochester.

Wanted Corn for feed. It can be snapped with the husk on. George Gussner. 11-19-20-21

WARNING!

I Paul Kever in his famous ride, shouted the word of "WARNING" to his countrymen. The "Minute Men" knew what this warning meant: that they had reached a crisis in their life that called for a fight for existence. S.S. has been "about" the "WARNING" against the invasion of "bad" common enemy--BAD BLOOD. S.S. WARNS you NOT to disregard the unsatisfying symptoms of disease that follow in the wake of impure blood. S.S. IS FULLY VEGETABLE. It builds up the entire system in a wholesome rejuvenation of health. Write our Medical Advisory Department for free advice.

Beware of substitutes and do not accept them. There is but one genuine S.S.
